

LED3

US Distributor

 **screen-led.pl**
Producer of mobile LED screens

MobiLED

CUSTOM DISPLAY

Your LED tiles can be installed on the trailer or we can install a display with your preferred resolution.

LED SCREEN

Accommodates LED displays from 10 to 28sqm.

WIRELESS CONTROLLER

The optional wireless controller can lift and rotate the screen, up to 100 meters away.

POWER GENERATOR

An optional diesel power generator, sized to screen demand, eliminates the need for shore power.

HYDRAULIC MAST

All lifting and rotating functions can be automated by hydraulic control of the mast.

WIND SENSOR

All models will have an optional alarm/wind sensor to check wind speed.

CONTROL RACK

Optional control room provides waterproof area for video equipment & operator.

TENT COVER

Optional solid roof cover helps prevent rain from entering the trailer.
